RFP: Third Regional Immigration Assistance Centers

Date Posted: August 17, 2023

(1) Question: Section VII, Part B, Question 3 of the RFP seemingly requests a list of training events, workshops, and presentations. Our current RIAC has existed since approximately 2016 and has presented quite a few CLE lectures and community training events. The list would be quite long. I would just like to clarify that the RFP is asking for a list of each training event through the years or am I missing something?

Answer: Question 3 of Section VII, Part B does not ask for a list of trainings, events, etc. As stated at the outset of Section VII, for each of the data points listed in Questions 1 - 3, “applicants must describe how the data will be collected and recorded in ways that are valid, accurate, and reliable.” Additionally, applicants “must also identify who will be responsible for gathering and recording the requested data.”

Thus, for Section VII, Part B, Question 3, applicants should identify how the training data listed will be collected in a valid, accurate and reliable manner, and who will be responsible for gathering and recording it.
